April is OT month! May is better hearing and speech month! Allison Homan, OTR and Sara Adelman, COTA are the Occupational Therapy team here at BVHC. Occupational therapy helps people regain the ability to do their daily life tasks through therapeutic activities and the use of adaptive equipment and strategies to become as independent as possible within their environment.

Allison and Sara treat both patients living here at BVHC and community members who need out-patient Occupational Therapy.

Allison and Sara are both certified therapists in the LSVT program which has 2 areas of treatment. The BIG portion deals with the physical effects of Parkinson’s disease. The LOUD portion of treatment deals with the voice and speech quality of those suffering with Parkinson’s disease. Our SLP therapist Kristen Pearson-Ash is certified in this program treats the voice quality and breathing aspects that occur with Parkinson’s disease. Kristen is from Milbank and travels to BVHC 3 times a week and is available for outpatient services as well.

If you have any questions regarding this or any therapy needs please call BVHC at 320-695-2165 ask for Laurie.

Michelle Riel won the Easter Basket that was sponsored by the Moral Club. There were more than 300 tickets sold. Thank you for all the support!
